Mi Mandated Reporting Laws- EMS Response to Child Abuse and Neglect

Children are suffering from a hidden epidemic of child abuse and neglect. The United States has one of the worst records among industrialized nations – losing on average between four and seven children every day to child abuse and neglect. This course seeks to empower Michigan EMS providers to more effectively respond in situations where they suspect child abuse or neglect, and, more importantly, understand the associated laws they are held to.

Approved for:

- 0.5 Lecture credits under Special Considerations
- MFR, EMT And Paramedic
- Goes towards NREMT as well

What is American CME?

American CME is an online education website that provides FREE continuing medical education for EMS Providers.

How do I take a course on American CME?

- Go to www.AmericanCME.com
- Login or create an account
 - *Everything is truly 100% FREE. You will never be asked to provide any financial information.
- Select a course on the “Medical CEs” page
- Watch a 25-30 minute video module
- Take a 10-question quiz for assessment
- Take a quick survey to provide feedback
- Print or save your certificate

Does American CME offer FREE EMS agency or Fire Department accounts?

YES! Agency accounts are also free to set up and simple to use. With an agency account, EMS administrators have the ability to access all personnel training certificates to streamline training records. Setting up your Free agency account is as simple as filling out our Agency Account Excel spreadsheet and emailing it to us. From there, we do the rest and your entire organization will be up and running within 24 hours.
