OPEN POSITIONS – MEDICAL CONTROL ADVISORY BOARD

ALL SAGINAW-TUSCOLA PARAMEDICS AND MFRS

The Saginaw-Tuscola MCA has a couple of openings on our Medical Control Advisory Board (MCAB). For those of you unfamiliar with this Board, it is the advisory body for the MCA and its Board of Directors. Primarily, the MCAB will routinely review new protocols, current research projects, and EMS system processes. The MCAB is also the group that would hear appeals after an action has been taken on a provider or an agency.

Currently, there are a couple of very important openings on the MCAB. One seat each for a paramedic and MFR level provider. Although the MCAB is largely made up of representatives from the hospitals, 911, Emergency Management, and others there are positions for field level providers who's opinion is often valuable when discussing new protocols or procedures.

The MCAB meets every other month on the first Wednesday of the month at 9:00AM. Members are required to make a large majority of the meetings. Additionally, if there were to be an appeal, the MCAB would need to gather within 3 days. This is fairly atypical but nonetheless, a possibility.

If you would like to be considered a candidate for either the paramedic or the MFR position, please submit your name to me via email: eric.snidersich@cmich.edu no later than January 26th.

Thank you

A handwritten signature in black ink, appearing to read 'Eric Snidersich'.

Eric Snidersich, BS EMT-P
EMS Manager, SVMCA
