MEMORANDUM #2011-10

FROM: Office of the Medical Director
Saginaw Valley Medical Control Authority (SVMCA)
1000 Houghton Ave.
Saginaw, MI 48602

SUBJECT: MFR Refusals and Cancellation of Ambulances

With the most recent revision of the SVMCA Protocols, Medical First Responders are now allowed to perform patient refusals. Patient refusals are no longer limited to just BLS and ALS agencies.

Whether a Medical First Response Agency performs patient refusals is at the discretion of the leadership of the particular agency. Therefore, not all Medical First Response Agencies will have the capabilities to perform patient refusals.

In the event that an MFR agency obtains a patient refusal and there are no other patients present at the scene, it is medically appropriate for the responding transporting agency to cancel its response. Notification by the MFR agency to the transporting ambulance should be accomplished using the 73 ALL-MED talkgroup.

Questions may be directed to the Office of the Medical Director at (989) 583-7940.

A handwritten signature in black ink, appearing to read 'Noel Wagner'.

Noel Wagner, MD
Medical Director, SVMCA

Attachment(s): 5-22 Refusal of Care Protocol – State Model

Michigan
General Procedures
REFUSAL OF CARE; ADULT AND MINOR

Date: February 28, 2010

Refusal of Care; Adult & Minor

Purpose: To provide the process for EMS personnel interacting with a patient refusing care or transport.

EMS personnel have an affirmative duty to provide care to any patient presenting to them after a report of an emergency situation.

Individuals who are competent may object to treatment or transportation by EMS personnel. MCL 333.20969 “If emergency medical services personnel, exercising professional judgment, determine that the individual’s condition makes the individual incapable of competently objecting to treatment or transportation, emergency medical services may provide treatment or transportation despite the individual’s objection unless the objection is expressly based on the individual’s religious beliefs.”

1. Definition

- A. “Competent individual”:
 - a. One who is awake, oriented, and is capable of understanding the circumstances of the current situation.
 - b. Does not appear to be under the influence of alcohol, drugs or other mind altering substances or circumstances that may interfere with mental functioning.
 - c. Is not a clear danger to self or others.
 - d. Is 18 years of age or older, or an emancipated minor.
- B. “Emancipated Minor” is one who is married, is a parent, or has been granted emancipation by the court.

2. Procedure for Competent Individual Refusing Care or Transport

- A. All patients with signs or symptoms of illness or injury shall be offered assessment, medical treatment and transport by EMS.
- B. Clearly explain the nature of the illness/injury and the need for emergency care or transportation.
- C. Explain possible complications that may develop without proper care or transportation.
- D. For individuals with signs or symptoms of illness or injury, contact medical control.
- E. Request that the individual sign an EMS Refusal Form. If the individual refuses to sign the EMS Refusal Form, attempt to obtain signatures of witnesses (family, bystanders, public safety personnel).
- F. Document assessment and complete approved EMS Refusal Form.
- G. Inform the individual that if they change their mind and desire evaluation, treatment, and/or transport to a hospital, to re-contact the emergency medical services system or seek medical attention.

- 3. Procedure for the Individual Incapable of Competently Objecting to Treatment or Transportation**
 - A. Contact medical control as soon as practical and follow applicable treatment protocol.
 - B. Any patient with an urgent/life-threatening illness or injury who is incapable of competently objecting to treatment or transportation shall be transported by EMS for further evaluation and treatment.
 - C. Police assistance may be sought if needed.
 - D. A patient with with non-urgent/non life-threatening illness or injury who is incapable of competently objecting to treatment or transportation should be transported for further evaluation and treatment after consultation with on-line medical control.

- 4. Procedure for the Individual who becomes Competent after Treatment has been Initiated and Refuses Transport**
 - A. Contact medical control in all cases when a patient (now refusing transport) has been given medications or other advanced treatment by EMS personnel (i.e., glucose, Albuterol, IV, etc.).
 - B. Such patients should be strongly encouraged to seek further evaluation and treatment.
 - C. Comply with Section II above and document treatment on a patient care record.

- 5. Procedure for the Minor Patient Refusing Care or Transport**
 - A. A minor is any individual under the age of 18 and who is not emancipated.
 - B. In general, minor patients are unable to consent or refuse consent for medical care. Such permission can only be provided by the minor's parent or legal guardian.
 - C. Treatment and transport of real or potential life-threatening emergencies will not be delayed by attempts to contact the parent or guardian.
 - D. For all emergency and non-emergency patients, contact medical control.

- 6. Procedure for Parent/Guardian Refusing Care or Transport of the Minor Patient**
 - A. All patients with signs or symptoms of illness or injury shall be offered assessment, medical treatment and transport by EMS.
 - B. Clearly explain the nature of the illness/injury and the need for emergency care or transportation.
 - C. Explain possible complications that may develop without proper care or transportation.
 - D. For individuals with signs or symptoms of illness or injury, contact medical control.
 - E. Request that the parent/guardian sign an approved EMS Refusal Form. If the parent/guardian refuses to sign the EMS Refusal Form, attempt to obtain signatures of witnesses (family, bystanders, public safety personnel).
 - F. Document assessment and complete an approved EMS Refusal Form.
